Rochele,

My presentation is Thursday. David indicated last week that he likely would not review, but wanted to make sure you didn't have any comments. Thanks. Reattaching for your convenience.

Subject: Presentation for R6 Air Inspector Workshop

I have been asked to give some updates from HQ on a variety of topics. The audience is state/local air inspectors. The delivery is May 10, 2018 in Dallas.

This is a regular workshop for which we provide materials or speakers. Ed has often participated for OC.

Regarding the slide deck, there isn't much new content here. I used prior materials from the following sources:

Deliberative Process / Ex. 5

Pls let me know if you have any concerns.
